Tree	**Magnolia grandiflora 'St Mary's'** ST MARY'S MAGNOLIA TREE (EVERGREEN)
Description	This is a more compact and bushy form of Magnolia grandiflora with enormous creamy white solitary cup shaped flowers. It has bright green glossy leaves with wavy margins.
Foliage	☒ Evergreen
Form	☒ Oval
Mature Size	6 x 4m
Uses	Beautiful as a specimen, this Magnolia also makes an excellent flowering screen or hedge. Works well being planted in rows. Adds a lush green colour all year round.
Position & Soil	It grows and flowers best in full sun positions. In part shade, flowering is considered steady. Tolerates polluted city atmospheres. Prune to shape in spring. Benefits the application of a balanced long-term fertiliser. Magnolias require organic, well-drained soil with summer irrigation for success.
