Tree	 **Brachychiton populneus x acerifolius 'Jerilderie Red'** JERILDERIE RED BRACHYCHITON TREE
Description	This is an attractive densely canopied tree that grows to approximately 8m tall and 7m wide. It has a bloated trunk and large lobed leaves. During the summer months, the tree is densely packed with stunning powdery-red flowers that are shaped like small bells.
Foliage	☒ Evergreen
Form	☒ Broad-domed
Mature Size	8 x 7m
Uses	The form and colour of this magnificent Australian tree makes it suitable for many urban situations including commercial landscapes, streetscapes, schools, parks and golf courses. It is a very reliable shade tree in smaller gardens.
Position & Soil	This tree prefers a sunny spot in a well drained soil. Prefers a low phosphorus native fertiliser.
