Tree

Corymbia ficifolia 'Fairy Floss'

GRAFTED FLOWERING GUM TREE

Description

A small and very attractive grafted native tree with an attractive leaf and the palest of pink flowers - almost white - in comparison to all other flowering gums available. This corymbia has a dense canopy that is covered in pink flowers in summer.

Foliage

☒ Evergreen

Form

☒ Round

Mature Size

6 x 4m

Uses

A very good performer for big and small Gardens adding lovely summer colour. Great in streetscapes and parks for native habitat.

Position & Soil

This grafted variety likes full sun to part shade and will tolerate most soil types and conditions. Best grown in a temperate climate with low humidity
