Tree

Leptospermum petersonii

LEMON-SCENTED TEA TREE

Description

A beautiful Australian native tree with a shrubby habit. The new foliage is a copper/bronze colour. It has many small white flowers that decorate the tree in early summer. The leaves when crushed have a beautiful citrus scent.

Foliage

☒ Evergreen

Form

☒ Round

Mature Size

5 x 3m

Uses

Fantastic as a street tree because of its smaller growth and can also be used as an informal hedge because of its dense foliage. It also is a great bird attractant.

Position & Soil

Adaptable to most soils but prefers a well drained full sun position. Sites similar to coastal conditions are perfect. It's ideal for tough conditions e.g. drought conditions or poor soil.

Features	☐ Small ☐ Evergreen ☐ Round ☐ Bird Attracting ☐ Coastal ☐ Feature Flower ☐ Group Planting ☐ Hedging ☐ Informal Screening ☐ Native ☐ Signature Trees
