Tree

Magnolia x soulangeana 'Black Tulip'™

BLACK TULIP MAGNOLIA TREE
(DECIDUOUS)

Description

This hybrid deciduous magnolia features deep purple, goblet shaped flowers which provide a knock-out display in late winter and spring before any leaves appear, creating a great contrast against its dark branches. Foliage appears after flowering and is a matte green colour. This is a woody, deciduous, upright growing tree which flowers from quite a young age.

Foliage

☒ Deciduous

Form

☒ Oval

Mature Size

5 x 3m

Uses

Its beautiful flower will make it a favourite in the garden. It can be planted singularly or in a row both in parks and landscapes.

Position & Soil

This magnolia prefers a moist, deep soil in a full sun position for best growth and flowers. It can tolerate a wide range of soils. Although it is adaptable to most climates, it should be given protection from strong winds.

Features	☐ Small ☐ Deciduous ☐ Oval ☐ Avenue ☐ Feature Flower ☐ Group Planting ☐ Informal Screening ☐ Specimen
Pot sizes in production	• 40cm/27L (1.3-1.6m) • 50cm/52L (1.5-1.6m) • 100L (1.6-2.0m)
