Corymbia ficifolia 'Fairy Floss'

GRAFTED FLOWERING GUM TREE

A small and very attractive grafted native tree with an attractive leaf and the palest of pink flowers - almost white - in comparison to all other flowing gums available. This corymbia has a dense canopy that is covered in pink flowers in summer.

A very good performer for big and small Gardens adding lovely summer colour. Great in streetscapes and parks for native habitat.

This grafted variety likes full sun to part shade and will tolerate most soil types and conditions. Best grown in a temperate climate with low humidity

Foliage	Evergreen
Form	Round
Mature Size	6 x 4m
Family	Myrtaceae
