Magnolia (syn. Michelia) doltsopa x laevifolia 'Inspiration'

INSPIRATION MAGNOLIA TREE (EVERGREEN)

This is a larger growing hybrid with dark green leaves, dense habit and a beautifully sweet scent from white cupped flowers that adorn the tree in spring. Adds height to the garden growing to 4m tall. Its flowering ability and scent makes this an outstanding addition to any garden.

This hybrid makes for a beautiful feature tree. Magnolia is also a great option for a scented deciduous hedge. Note: In warmer climates, this tree is evergreen, not deciduous.

Grows well in a well-drained soil in a sunny position. Also suitable for colder climate gardens, should cope with frosts and light snow.

Foliage	Evergreen
Form	Round
Mature Size	4 x 3m
Family	Magnoliaceae

Small	Evergreen	Round	Avenue	Driveway	Feature Flower	Group Planting	Hedging

Informal Screening
